FAQ

What materials are not allowed in the Shire landfill?

Materials currently not accepted for landfill under any circumstances and may attract specific charges generally include (but not limited to):

- Household + vehicle batteries
- Fluorescent light globes
- Electronic waste (e-waste)
- Engine oil
- Tyres
- Mattresses
- Fridges + air conditioning units
- Gas bottles
- Asbestos

If you are unsure if something can go to landfill then please contact the Shire.

What materials can be sent to landfill but should be recycled or repurposed?

Currently this includes:

- Household recyclables such as bottles & cans
- Cardboard
- Scrap metal
- Green waste (under 50mm diameter)
- Timber (including pallets, wooden furniture + treated wood)
- Uncontaminated inert waste (e.g. rubble > 100mm)
- Clean fill
- DrumMuster eligible containers

In determining what is sorted and unsorted waste, what amounts of material are considered significant and what is considered reasonable steps?

Due to each load being different, the facility gate attendant will need to inspect each load presented and decide if it should be considered sorted or unsorted. If it is apparent that the customer has taken all reasonable steps to sort the waste, then it should be considered sorted.

Why doesn't the Shire sort the waste onsite before it goes to landfill?

Unfortunately, this is a very labour intensive and expensive process and the cost of undertaking this would need to be passed on to the public. It is not usually practical to sort waste once it is presented mixed, so the best approach is for separation to occur at the source.

With the higher fee, won't the Shire have extra funds to sort the waste?

The new fee structure is intended to reduce waste going to landfill so any funds from the higher charge should be offset by an overall reduction in total volume going to landfill.

NON-RECYCLABLE WASTE

- Sorted bulk waste does not contain any materials accepted at the facility for recycling or repurposing. Small quantities of such material may be acceptable when it is apparent that practical measures have been taken to separate waste.
- Unsorted bulk waste contains materials that could be separated and accepted at the facility for recycling or repurposing.

1 x 120/140 litre Mobile Garbage Bin - 1 token	\$5.60
1 x 240 litre Mobile Garbage Bin - 2 tokens	\$11.20
Car/Station Wagon Boot Load - 2 tokens	\$11.20
Van/Utility/Trailer Not Exceeding 1.8m x 1.2m - 5 tokens (tokens for larger trailers estimated by attendant)	\$28.00
Bulk Waste Sorted (Large trailers, Trucks, Skip bins etc.) - 8 tokens per cubic metre	\$44.80
Bulk Waste Unsorted (Large trailers, Trucks, Skip bins etc.) - 12 tokens per cubic metre	\$67.20

GREEN WASTE

Domestic Loads of Green Waste < 150mm Stem Diameter (lawn clippings & small cuttings)	Free
Domestic Loads of Green Waste > 150mm Stem Diameter - 8 tokens per cubic meter	\$44.80

TYRES

Car & Bike Tyres (max of 4 per customer without prior arrangement) - 2 tokens per tyre	\$11.20
Car & Bike Tyres on Rim (max of 4 per customer without prior arrangement) - 4 tokens per tyre.....	\$22.40
Truck and 4WD Tyres (max of 4 per customer without prior arrangement) - 3 tokens per tyre.....	\$16.80
Truck and 4WD Tyres on Rim (max of 4 per customer without prior arrangement) - 6 tokens per tyre.....	\$33.60
Tractor and Grader Tyres < 1 metre (max of 4 per customer without prior arrangement) - 26 tokens per tyre.....	\$145.60
Tractor and Graders Tyres on Rim < 1 metre (max of 4 per customer without prior arrangement) - 52 tokens per tyre.....	\$291.20
Tractor and Grader Tyres > 1 metre (max of 4 per customer without prior arrangement) - 53 tokens per tyre.....	\$296.80
Tractor and Grader Tyres on Rim > 1 metre (max of 4 per customer without prior arrangement) - 106 tokens per tyre.....	\$593.60

OTHER RECYCLABLE WASTE

White Goods (excl. fridges & air conditioners)	Free
Recyclable Materials (e.g. glass, plastics, batteries, cardboard, e-waste, fluoro tubes etc.)	Free
Car Bodies	Free
Steel Suitable for Recycling	Free
Drum Muster Eligible Containers (containers with chemical residue will not be accepted).....	Free
Clean Fill suitable as cover material (e.g. soil or rubble < 100 mm)	Free
Automotive Oil	Free
Gas Bottles - 1 token per item	\$5.60
Furniture and Treated Timber (e.g. pallets, posts) - 6 tokens per cubic meter	\$33.60
Fridges & Air Conditioners - 7 tokens per item	\$39.20
Uncontaminated inert waste (e.g. rubble > 100mm) - 8 tokens per cubic metre	\$44.80
Mattresses - 10 tokens per item	\$56.00

OTHER WASTE

Asbestos Up To 0.2m ³ Maximum	\$72.80
Liquid Waste (Type K110 - Waste from grease traps & Type K210 - Septage wastes) - per cubic metre	\$80.05

GREENBUSHES TRANSFER STATION

1 x 120/140 litre Mobile Garbage Bin - 1 token	\$5.60
1 x 240 litre Mobile Garbage Bin - 2 tokens	\$11.20
Car/Station Wagon Boot Load - 2 tokens	\$11.20
Van/Utility/Trailer Not exceeding 1.8m x 1.2m - 5 tokens	\$28.00
