

RECOGNISING CENTENARIANS

Fun Fact Sheet

Did You Know?

Our council has a special commitment to honour residents who reach the remarkable milestone of turning 100 years old!

We rely on our wonderful community members to let us know when someone is about to celebrate their 100th birthday.

How It Works

When you notify us about a resident turning 100, we swing into action to make their day unforgettable.

We organise a delightful afternoon tea and send them an official letter of congratulations from our Shire President.

What Happens at the Celebration

The guest list is curated with input from the centenarian themselves to ensure their friends and loved ones are there to celebrate.

We also invite our State and Federal Members of Parliament and all Shire Councillors to join in the festivities.

Extra Special Touch

We reach out to a State member of Parliament to inform the Prime Minister's office about the upcoming birthday. This ensures that the King and the Prime Minister can send personalised letters of congratulations to the centenarian!
