

## Public notice

### Upcoming night works in your area

Water Corporation is conducting essential maintenance on the sewers in your area to improve the reliability of the wastewater system.

**Work will take place from 6pm-6am Thursday 5<sup>th</sup> May 2022 along Hampton St South West Highway.**

This work will have a moderate impact on the community. These works will involve mobile plant, increased noise and lighting near work zone. You may also notice a temporary odour while lids are removed.

Safety is our priority and our contractors are following government advice relating to COVID-19 to complete this work. Please keep a safe distance from our worksites and workers.

Thank you for your patience while this essential work is carried out. If you have any questions, please contact our Project Manager, Ben Colbran on (08) 9791 0411.
