I was born and raised in the Shire, my Mum's side of the family are from Greenbushes and my Dad's side from Bridgetown. I left town at the age of 17 spent some time in the Army in QLD and then joined the WA Police for @ 14 years – last posting Bridgetown (7 yrs). In 2012 I got out and went and worked at the mine. 3 years ago I was the Community Emergency Services Manager (CESM) for Bridgetown Greenbushes looking after all the Bushfire Brigades in the Shire. I finished there last month and am back to mining.

I have been involved in a number of Shire Committees - the Local Emergency Management Committee and the Bushfire Advisory Committee. I have been on these committees as a Police Officer, volunteer firefighter and in the CESM role.

I have been involved in a few community groups from Service Clubs to emergency services and festival volunteering. I am passionate about the Shire and community service. I live on the family farm with my young family and I want to see the Shire flourish.
