I chose Bridgetown as my home for its strong sense of community and unique lifestyle. As the mother of five and grandmother of five, I understand the challenges families face and the importance of planning for future generations. Growth is important, but water, environment and heritage must be managed responsibly. My priority is to support a positive council culture focused sharply upon community needs. I will advocate for fair State investment in housing, health, ageing in place and education. I bring leadership experience across local, state and federal government, as well as in education and community services. I have previously served as a councillor, giving me direct experience in local government decision-making. As a community advocate, I founded the Bridgetown Greenbushes Watchdog.

I will work to ensure Bridgetown-Greenbushes thrives through change without losing what makes it unique.
