My name is Andrew McRae, and I am seeking the honour of representing you on the Bridgetown Shire Council because I believe that local government should be a beacon of transparency, care, and accountability. A transparent council is one that welcomes scrutiny and encourages active participation from the community. I will champion open forums, and accessible communication channels, so that residents are always informed about council proceedings, decisions, and long-term plans. I promise to uphold the highest ethical standards in all council dealings. This means declaring conflicts of interest, consulting with the community on significant proposals, and making decisions based on evidence and fairness rather than political expediency or personal connections. I have the knowledge and skills to ensure good governance of the Shire of Bridgetown-Greenbushes and because I have no business agenda, I will ensure all decision making is in the interest of all rate payers.
