Bridgetown-Greenbushes is a special place. It's been my privilege to serve as a Councillor since 2023. I bring diversity, experience and understanding to the table - I've worked in local government, operated a business in Bridgetown, and I'm a single mum.

I am an active, considerate contributor. I take time to listen and understand issues facing our community, and bring forward ideas to grow our Shire while maintaining the qualities that make it unique.

If elected, I will advocate for development of new housing to suit our growing community, particularly through the upcoming Local Planning Strategy. I'll look for ways to diversify the Shire's revenue streams, to reduce financial impacts on ratepayers while ensuring we can develop and maintain community assets.

I'm keen to enhance our Shire's heritage appeal and create better, more accessible pathways through both Bridgetown and Greenbushes - including footpaths and parking.
