As a local business owner employing community members, I understand the challenges of being a small business in a small regional area. We see businesses closing and pivoting each year to survive.

To the Shire, I'm committed to building tourism while fostering sustainable growth that honours our natural environment and creates opportunities for local families and businesses. I believe we can responsibly grow our tourism sector and support small business innovation without compromising the environmental values that make our region special.

Having previously worked for a large council, I understand the inner workings and the challenges presented. Community expectations and council's ability to fulfil those is a challenging task!

We are a growing Shire to which I bring fresh perspective, collaborative leadership, and genuine dedication to balancing progress with preservation. Together, we can build a thriving, sustainable future.
